

May 3, 2014

Lakeview Families,

What a beautiful week we had! It was perfect weather for the starting week of the marathon and the bike rodeo.

The race is on! Almost every student at Lakeview has been participating in the marathon. They are so excited about it and it is great to see them getting great exercise. Some students are talking about how they want to run a real marathon one day. Thanks to Coleen Roberts and her army of volunteers. Standing in a dirt field punching cards probably isn't their favorite way to spend an hour and a half but they keep showing up every day to do it. For that, we are very grateful.

We also had our first ever bike rodeo! It just happened to fall on the sunniest, nicest evening of the entire week (probably of the year!). Our students and their families rode in on their bikes and learned all kinds of important skills. They were able to have their bikes adjusted and learn cool tricks. Thanks to Marypat Meuli and her crew of volunteers for putting together this great event!

Have a wonderful weekend!

Rebekah

Reminders

Dress Code

Warm weather makes us dig deeper into our closet for our spring and summer clothes. As you do that, remember the Lakeview dress code.

- Shirts should come to the belt line
- Shorts and skirts should be finger length when arms are to the side
- Shirt straps should be at least three fingers wide
- No halter tops, bare midriff, or open toed shoes are allowed.

Thanks for your help with this.

MSP

Our students are still hard at work on the MSP. We are getting near the end. Thank you for continuing to ensure they get a good sleep and a healthy breakfast.

No School

There is no school for students on May 23rd. This is a designated teacher work day.
